## **Community Bankers Association of Georgia Celebrates 15 Year Partnership with ACG**

The [Community Bankers Association of Georgia](#) (CBA) and [ACG](#) are marking the 15<sup>th</sup> anniversary of ACG as an Endorsed Member Company. Headquartered in Alpharetta, GA, ACG, is a global leader in the refurbishment of ATMs and the supply of ATM parts to ATM service companies. In addition to ATM refurbishment, ACG's product portfolio includes spare ATM part solutions, anti-skimming protection solutions, repair, compliance solutions, and more! The company has two additional sales and operational offices located in Las Vegas, Nevada and London for optimal market coverage and customer satisfaction.

"We are pleased to partner with ACG for ATM refurbishment as well Anti-Skimming protection devices," stated John McNair, President & CEO of Community Bankers Association of Georgia. "Working with ACG offers CBA member banks significant savings on refurbished ATMs plus they have a portfolio of Anti-Skimming solutions to prevent card skimming."

"We are honored to continue our partnership with Community Bankers Association of Georgia," commented Phil Winn, President of ACG. "Our company refurbishes approximately 3,000 ATMs a year and have first-hand knowledge of the savings our customers are experiencing. Generally, a refurbished ATM is sold at approximately 60-70% of a "new out of box" ATM. ACG has saved Georgia community banks significant dollars over the years due to this savings."

Mr. Winn explained that the refurbished ATMs are completely stripped down to the safe, then sanded, repainted and rebuilt. Often the rebuild includes the addition of the latest technology desired and replacement with new components. He noted that refurbished ATMs are expected to be in demand in 2019 with the need for financial institutions to upgrade to Windows 10.

ACG has been a CBA Endorsed Member Company since 2004 which means that ACG has gone through an annual review by both the CBA staff and the CBA Member Services Committee.
